

UNIQUE **S**TYLE **P**LATFOM  
ESSENTIAL INSPIRATION FOR CREATIVE MINDS

**USP INSPIRE:**  
ORIGAMI OBSESSION

**Origami-inspired** aesthetics take centre stage for **S/S 26**, shaping collections from **Loewe, Michael Kors, Bottega Veneta**, and **Carven** through a focus on **structure** and **texture**. **Technical materials** adopt **paper-like, crinkled qualities**, while **raw edges** and **layered constructions** define otherwise **minimalist silhouettes**.

Across **fashion, footwear**, and **accessories**, **tonal palettes** pair with **asymmetric lines** and **sculptural forms**, creating a **dynamic play** of **shape** and **shadow** where **fluidity** meets **structure**.

**USP: S/S 26** redefines **minimalism** through **origami-inspired design**, merging **sculptural precision** with **paper-like fabrications** and **raw, tactile edges**.
