

UNIQUE **STYLE** PLATFORM
ESSENTIAL INSPIRATION FOR CREATIVE MINDS

USP INSPIRE:
TAKE THE STAGE

Costume design inspires fashion and interiors, reinterpreting **historical themes** through a **contemporary lens**.

New film *Hamnet*, adapted from **Maggie O'Farrell's** 2020 novel, imagines the story behind the creation of **William Shakespeare's** *Hamlet*. Starring **Paul Mescal** as the Bard, the set includes a reconstruction of the original Globe theatre.

A current exhibition at the **Fashion & Textile Museum**, London, celebrates iconic costume house **Cosprop's** creativity and offers a unique opportunity to view stunning costumes, accessories and sketches that have helped bring stage and screen to life.

In a new circular approach, a natural dye garden on the **The National Theatre's** rooftop is being used to grow flowers that are then picked to create the colours for the costumes worn in the theatre's plays.

USP: A modern approach to historical aesthetics harnesses the drama of the stage.
